EXPERIENCE

SEP 2016 - Present
Computer Science Student

Attended Gavilan College full-time, taking an above-average course workload while maintaining position on the Dean's List of recognition for academic success. Member and contributor to the development of Gavilan's Veteran's Club and the Computer Science Club

AUG 2016 - JUN 2017
Assistant Web Developer

Performed as an assistant web developer for SafeHouse-Web. Tasks included marketing plans, social media management, User Interface development, Wordpress develop-.ment, and brand management

FEB 2016 - FEB 2017
Marketing Manager

Created marketing campaigns for Mongrel Tactical, an independent firearms retailer. Established a company website from scratch, to include an e-commerce platform, social media outlets, and successful email & social media marketing campaigns

OCT 2009 - DEC 2015
U.S. Army Supervisor

Effectively communicated and organized operations among varying cultures and backgrounds under highly stressful situations. Worked under tight budget and situational guidelines. Successfully created new standard operating procedures for highly sensitive projects, while maintaining joint communications with outside agencies.
